Applicant's amendments/arguments filed on 2/2/07 have been carefully considered. all rejections made in the previous office have been overcome.

Terminal Disclaimer

The terminal disclaimer filed on 2/2/07 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of Pat. No. 6,407,680 and 6,593,860 and 6,888,47, has been reviewed and is accepted. The terminal disclaimer has been recorded.

Specification

The lengthy specification has not been checked to the extent necessary to determine the presence of all possible minor errors. Applicant's cooperation is requested in correcting any errors of which applicant may become aware in the specification.

Allowable Subject Matter

Claims 1-24, 29-51, and 66-69 are allowable.

The following is an examiner's statement of reasons for allowance: Claim 1 is allowed over the prior art of record. The prior art of record, considered individually or in combination, fails to fairly teach or suggest claimed method comprising, among other limitations, a novel and unobvious limitation of "transcoding the media content to the destination type, thereby generating transcoded media content" structurally and

functionally interconnected with other limitation as cited in the claim and dependent claims 2-11.

Claim 12 is allowed over the prior art of record. The prior art of record, considered individually or in combination, fails to fairly teach or suggest claimed method comprising, among other limitations, a novel and unobvious limitation of "inserting a clip or trailer or both into transcoded media content" structurally and functionally interconnected with other limitation as cited in the claim and dependent claims 13-24.

Claim 29 is allowed over the prior art of record. The prior art of record, considered individually or in combination, fails to fairly teach or suggest claimed method comprising, among other limitations, a novel and unobvious limitation of "automatic detecting one or more destination format criteria without end-user input" structurally and functionally interconnected with other limitation as cited in the claim and dependent claims 30-43.

Claim 44 is allowed over the prior art of record. The prior art of record, considered individually or in combination, fails to fairly teach or suggest claimed method comprising, among other limitations, a novel and unobvious limitation of "automatic detecting one or more destination format criteria without end-user input" structurally and functionally interconnected with other limitation as cited in the claim and dependent claims 45-51.

Claim 66 is allowed over the prior art of record. The prior art of record, considered individually or in combination, fails to fairly teach or suggest claimed method comprising, among other limitations, a novel and unobvious limitation of "transcoding

the media content to the destination type, thereby generating transcoded media content" structurally and functionally interconnected with other limitation as cited in the claim.

Claim 67 is allowed over the prior art of record. The prior art of record, considered individually or in combination, fails to fairly teach or suggest claimed method comprising, among other limitations, a novel and unobvious limitation of "transcoding the media content to the destination type, thereby generating transcoded media content" structurally and functionally interconnected with other limitation as cited in the claim.

Claim 68 is allowed over the prior art of record. The prior art of record, considered individually or in combination, fails to fairly teach or suggest claimed method comprising, among other limitations, a novel and unobvious limitation of "selecting and delivering a copy of one of said plurality of copies in response to each of said request according to bandwidth criteria selected by a transcoding service provider that also perform the media content transcoding operation" structurally and functionally interconnected with other limitation as cited in the claim.

Claim 69 is allowed over the prior art of record. The prior art of record, considered individually or in combination, fails to fairly teach or suggest claimed method comprising, among other limitations, a novel and unobvious limitation of "selecting and delivering a copy of one of said plurality of copies in response to each of said request according to bandwidth criteria selected by a transcoding service provider that also
